EASTERN NEWS.

[BY TELEGRAPH TO THE OREGONIAN.]

Opinion of the Attorney-General of Iowa on the Railroad Law of that State

Des Moines, June 27.—The Attorney General of ..., in an opinion furnished the Executive Council, holds that the validity of the railroad law is not affected by the failure of companies to furnish information required for their classification. His argument is that the law makes it imperative on the Executive Council to classify roads and if the corporations have failed to file reports giving information to aid in the discharge of this duty the Council must have recourse to other sources. It would be very strange says the Attorney-General, if a person should be allowed to plead his own deliberately wrong act as the reason why a law should not be enforced against him.

The Beecher-Tilton Scandal—Beecher Asserts His Ability to Defend Himself.

Brooklyn June 28.—At a council of Beecher's friends, it was decided that the present is not the time for him to make a defense. He says he can do it at any time and effectually.

GEN SHERMAN'S REMOVAL.

WHY THE GENERAL OF THE ARMY GOES TO ST LOUIS—SOLDIERS MADE WORTHLESS—A CONSPICUOUS EXAMPLE AT THE CAPITAL.

Reporter—In the course of his remarks against the bill to reduce the army General Hurlbut said some strange things yesterday. He says you gave no orders to the army now-a-days that the Secretary of War did everything.

General Sherman—Well everything he said was true. The Secretary of War does give all the orders. I suppose he thinks it is not necessary to consult me during these times of peace. Anyhow he does not. He directs every movement of the army and that without saying a word to me.

"Do you not protest?"

"No I do not protest. I never protest."

"Is there any warrant of law for the Secretary's course?"

None whatever. The act authorizing the President to appoint a General of the army gave him power as Commander in Chief to select some officer to superintend and direct the army. Formerly the General did that work, but of late a practice has grown up for the

PRESIDENT AND SECRETARY OF WAR

To give their orders direct. I suppose that the Secretary thinks the President, the Commander in Chief of the army, is right here and he might as well take his orders direct from him as to have them come through me.

"You propose to move your headquarters to St Louis. Have these facts anything to do with the change?"

Oh well, I've always expected to make St Louis my home. During the war I thought that I should go to St Louis and settle down when my military career had ended. Now that Congress proposes to cut the army down to nothing I see a gradual reduction that will bring the command below the dignity of my rank. I think I shall take advantage of the opportunity to do as I have long desired—settle down in St Louis.'

There are other reasons assigned for the change General?

Oh, yes. I have a great many other reasons.

Has the course of the Secretary of War anything to do with it?"

GETTING OUT OF SIGHT OF IT

Well I think perhaps when I get out there I shall not see so much of this thing. It will not be right under my eye and not quite so vexatious.

You said a few moments ago that the officers and privates of the army were good men. Do you really believe so?

Yes sir. They are all good, brave men.

The reason I had for asking I hear it often charged that they are not so good as formerly.

It is not true. They are active and efficient—as good an army as we ever had.'

I have heard their private character much criticised. It is said they have lost much of that honor which in old times characterized the men of our army.

"That is not true. I know it is said so and I think you gentlemen of the press have much to answer for in that respect. You have made this an era of scandal. A great many men of high rank are now believed to be corrupt while they are really high minded and honorable.

WHAT THE GENERAL IS NOT RESPONSIBLE FOR

"I think you have no right to complain General. I believe no newspaper has ever dared to utter a word against you."

No. I have escaped. I have tried to avoid any possible chance to attach scandal to my name. Yet I have never asked any favor of the journalists, nor made any concession to them. I think that those men who have done so have made failures of it. I know some. I have some in my mind's eye now; who, during the war tried to build up newspaper reputation and I find they are the first to be hit by the papers.'

HOW FRED GRANT LOAFS IN WASHINGTON

And yet all of the strictures upon the army are not false? I think, at this moment of a Lieutenant who has been lying about Washington for months when he should have been with his regiment.

I have no doubt of it. I don't want to know who he is but I'll tell you how it comes about. That young man has an uncle or aunt interceding for him and the influence is potential. To his ruin and utter demoralization he is given a leave of absence when he should be on the frontier.

"I judge you are unwilling to be responsible for such cases.—*Chicago Post*

A Terrible Position.—Near the city of Detroit a man by the name of McArthur was crossing a railroad track in the night time when his foot caught fast in a "frog" and his efforts to extricate it were of no avail. His boot fitted so closely that he could not draw his foot out and at length he could hardly move his leg for pain. He found that he must either be run over by the next train or make known his situation. He shouted himself hoarse but no one came. After having been a prisoner for upwards of an hour he heard the whistle. He had a match box in his pocket papers in his bundle and the idea came to him to signal the train. Tearing the paper of his bundle and getting at some letters he rolled them into a heap and for fear that the flame would die out too suddenly he added his clothes. The bundle was then made fast to the end of his walking stick and he waited until the headlight of the locomotive should appear. It finally greeted his vision and he struck his match but a gust of wind blew it out. Another match was struck and in an instant he waved his signal back and forth and just when he thought death was certain he heard the whistle "down brakes." He was saved but the engine had only thirty feet more to go to crush him.

Contracts and Finance.—Washington, June 2...—The minority of the House Pacific Railroad Committee consisting of McDill of Iowa, Wells of Missouri Standiford of Kentucky, Cramer of New York and Neal of Ohio will submit a minority report recommending the adoption of Luttrell's proposition for an investigation of the affairs of the Central Pacific Railroad and Contract and Finance Companies.

It is reported that I. b. Lang, a wealthy breeder of fine stock in Maine and a relative of J W Nesmith contemplates removing to Oregon at an early day, with a view of engaging in fine stock raising in the Willamette valley.

THE LOCAL OPTION ELECTION IN CALIFORNIA.

San Jose June 27.—The most exciting election ever held in San Jose occurred to-day. Both local option and license parties have been working hard for weeks, and to-day came the grand climax. Ladies headed by Sally Hart and aided by a large number from San Francisco and Oakland, were early on the ground and worked hard all day. The streets are crowded this evening. The excitement grew intense—some ladies arguing, others singing hymns while men were shouting and yelling in opposition. The Police performed their duty. Few arrests were made. The ladies were civilly treated until late this evening, when demonstrations were made against some of them and even violence threatened. The result of the election is victory for license by a majority of about two hundred.

San Jose, June 27.—The scene enacted just before the closing of the polls in the First Ward will long be remembered in San Jose. It appears as though Pandemonium had broken loose. Yells curses and cat calls were indulged in on the part of the men, and an attempt was made on the part of the women to drown this noise by hymns and temperance songs. When the boys got tired of yelling, they would make a break and push the crowd in every direction. It was taken all in all, decidedly lively, and no one appreciated it better than the police who performed their duty faithfully. In the Second, Third and Fourth Wards everything passed off in an orderly manner.

Grass Valley June 27.—Large meetings have been held here during the past week by the temperance people which have been addressed by prominent speakers. Considerable excitement prevails regarding the result of the election which comes off July 6th. The license men have so far not made any public demonstration.

Pleasanton June 27.—The result of the local option election held in this precinct to-day gives a majority of 81 for license. Ladies opposed to license served a free lunch to all that applied.

Livermore, June 27.—The result of the Local Option election in this precinct is as follows: Total vote polled 366; for 241; against 125. The majority in Murray township is over 200. Great excitement prevails.

Munchville June 27.—Eleven majority in Quicksilver precinct against license.

Mountain House Cal June 27.—Local option and license in Fresh Water precinct a tie.

Colusa June 27.—The most exciting election ever known in Colusa was held here to-day. Majority in favor of license 21. W P Harrington Jr is elected school trustee by 32 majority.

Princeton June 27.—Local option election was held in this township to-day. 86 votes cast here. Majority against license, 14.

Jacinto almost unanimous for no license.

Red Bluff June 27.—An exciting local option election was held here to-day. Both parties were out in full force. The ladies took a very active part. They had a tent erected just outside the 100 foot line where the voters were liberally supplied with refreshments and bouquets. They made the best use of their persuasive powers and influenced many voters. Meetings in favor of local option have been held here for the last few nights and able speeches have been made. The day's work was concluded in an orderly manner by both parties. The vote stands for local option 140 for license, 171.

Sale of Sam Purdy.—The famous trotting stallion Sam Purdy belonging to the estate of the late James Helm was sold at auction this forenoon by Cregg and Bowley Merchant's Exchange. There was a large attendance of gentlemen of sporting proclivities at the sale and the bidding was brisk though it is understood that the sum obtained for this valuable piece of trotting stock hardly satisfied expectations. The horse was finally knocked down to McCord & Malone proprietors of the Fashion Stables for $21 500. The trappings belonging to the animal including a blanket which sold for $600 added about $1 100 making the aggregate proceeds of the sale about $22 600. The other horses belonging to the estate, with sulkies harness etc, were not put up for sale as expected in accordance with the advertisement. Purdy is eight years old and is esteemed one of the most promising investments in trotting stock to be found in the country. He has a record in public ... of 2 21¼ and it is believed that he will give good margin to this scale of speed. He was sired by George M. Patchen Jr dam ... Rickett mare. Purdy had been entered by the late James Helm for the great stallion race at the East the coming fall; whether the new owners will fulfill this engagement is not known.—*S F Bulletin, June 24th.*

Purchase of the Mount of Olives.—While in Jerusalem writes a lady traveler we paid our respects to the Princess de la Tour d'Auvergne who resides there and who has purchased the Mount of Olives for the Catholics for $100 000 ceding it to the French Government. For seven centuries it was lost to the Catholics ever since the Crusaders were driven out of Jerusalem. She is now erecting a convent on the very spot where Christ prayed. The prayer is inscribed in thirty two different languages around the inclosure of the court yard. The Countess is very agreeable rather past fifty. She lives in an old Oriental cottage and her sole companions are her tortoise shell cat Mameluke and her brown dog Honey. She speaks English very well. She will remain until her work is done which has already been in progress seven years. The Asiatic towns are so wretchedly dirty that the streets are impassable so that donkeys are used to take ladies to church or to the bankers or to make a call or to do a little shopping.

A Kansas boy earned a nice Bible by committing three hundred verses to memory, and then he traded his Bible for a shotgun, and accidentally shot his aunt in the leg.

BRITISH COLUMBIA

The people of the Province are holding meetings in every neighborhood ... condemning the action of the local government in the railroad question.

Mr Kirkland has secured the contract for the road from Ladner's Landing to the Semiahmoo road and Mr Tester has been awarded the contract for the extension of the Semiahmoo road to the boundary.

Mr Marcus Smith will proceed from Victoria to the Nanaimo to push ahead the railway survey. He will examine the pass lately discovered near Hope before proceeding to inspect the parties now on the Upper Fraser.

The contract for building the new Wesleyan Church at New Westminster has been awarded to Mr C. Grafton of Chilliwhack. Work will be commenced at the beginning of next month.

A large number of Indian congregations at St Mary's Mission where an important religious ceremony is to take place in a few days. About 1,000 natives we believe are expected to be present.

THE CHIEF OF THE WASHINGTON RING BRANDED BY THE SENATE

NOMINATION OF BOSS SHEPHERD

Washington June 23.—The President nominated the following Commissioners for the government of the District of Columbia: Alex Shepherd District of Columbia, ex-Governor Dennison Ohio and Henry T Blow of St Louis.

REJECTION OF THE NOMINATION

Chicago June 24.—A Washington special says of the excitement caused yesterday in Congress by the nomination of Boss Shepherd as one of the District Commissioners. The Ohio and Indiana Republicans notably made themselves active. They declared that the party would be swept from the deck next fall if this stigma which Grant had put upon it was not wiped out by a decided rejection of the nomination. Logan in his speech in the executive session denounced the appointment in violent terms. He said he had just returned from the West where the people seemed more excited over the Washington ring than over the currency question and demanded that it should be legislated out of sight. Sherman Allison and others opposed the confirmation. Sargent alone championed it. The Democratic Senators generally remained silent and let the Republicans fight it out. Finally after a bitter debate of two hours and a half a vote was taken. Those who voted for him were Sargent of California, Spencer of Alabama, Patterson of South Carolina, Clayton of Arkansas, Jones of Nevada and Flanagan of Texas, there being thirty six votes against his confirmation. The other nominations were confirmed without division. After the recess of the Senate, the President to complete the number sent the name of A G Cattell ex United States Senator from New Jersey who was ... thereafter confirmed. This gentleman is the only one of the three Commissioners who has a real ... interest in this city but all are ... residents.

LAST ACTS OF CONGRESS

Washington June 23.—In the Senate to-day a ... was reported from the Committee on Foreign Relations recommending arbitration as a just and practicable method for the settlement of international difficulties. Agreed to.

House bill to protect telegraph lines constructed or used by the United States from malicious injury or obstruction was passed.

The Post Route bill was considered and passed without discussion in the House.

The Conference Committee on the Appropriation bill submitted their report with a proposition to make the payment of postage on newspapers to take effect January 1 1875 and fixing the rate at two cents per pound and three cents on those published less frequently than weekly.

Butler (Mass) made a second attempt to get up his bill giving preference to soldiers and sailors in the appointments to office.

Creamer objected, saying Butler had humbugged the people long enough this session.

At 6 o'clock P M the Speaker after the usual remarks adjourned the House *sine die*.

The Steilacoom *Express* of the 25th inst says P Keach shipped for Jacob Davis last night per steamer *North Pacific* 28,000 pounds of wool, to be reshipped at Victoria on the steamer *William Tabor*, for San Francisco, and from there to Boston.

OREGON

Dora Cushman the young man who assaulted D Drake on the 1st inst. at Corvallis, has had a preliminary examination and was bound over to court in the sum of $400.

There will be a public meeting of the Grangers and all persons interested in improving the Willamette river at the Court House in Corvallis on Tuesday June 30 1874, at 10 o'clock A M.

On Monday last the Yaquina stage met with an accident when just beyond the summit of the mountain. The fore axle gave way compelling the driver to leave the vehicle by the road side.

Late grain promises now to be much ahead of early. It is one of the exceptionable seasons. All grain will be good but late grain will exceed the most sanguine expectations of two months ago.

The measles are now raging in the neighborhood of Beaver Creek, in Benton county and as there were enough of them to go around all the schools have been suspended in consequence of their prevalence.

At a regular meeting of Olive Lodge No 18, I O of O F Salem the following officers were elected to serve during the ensuing term: F M Waite N G; J Hardie, V G; Walter S Moss R S; J M Scott, Treasurer.

Large quantities of wool is now being brought to the Corvallis market from the surrounding country which finds a ready sale and brings cash. M Friendly bought 20 000 pounds on Monday for which he paid 20 cents per pound.

The Umpqua *Call* says: "We understand that Mr Cooper Independent candidate will contest the election of Mr Livingston Republican. It is thought by some at Canyonville the ballot box was doctored while in a healthy condition."

A strolling music teacher named Lung was arrested near Jefferson the other day and brought down to Salem on suspicion as he came somewhat near filling the description of the supposed murderer of Conrad Werner. He proved an *alibi* very easily.

The Albany *Democrat* says: "A son of Mr John Weiss came near meeting with a fatal accident one day last week. A gun which he was in the act of loading was discharged accidentally. The ball grazed the boy's forehead tearing away a part of the rim of his hat."

At the regular session of ... Encampment No 6 I O O F Eugene the following were elected as officers for the term commencing July 1 1874: Ben F Dorris C P; J J Walton Jr, H P; W J Shipley, S W; Geo W Kinsey S; B C Pennington, T; and I W M Killingsworth J W.

A gentleman who has traveled over Benton county considerably informs the *Gazette* that almost double the area of grain has been sown this year by our farmers of that of last season. Both the spring and fall crops look well, and should the late 'cool spell' not do any damage an unprecedentedly large yield may be expected.

The commencement exercises of Philomath College will begin July 1st and close on the evening of July 3d. Examinations will commence Wednesday morning and close Thursday noon. Closing exercises of the Primary Department in the afternoon and rhetorical exercises of students of the College Department in the evening.

As Mr McClane who resides a short distance below Corvallis was out riding with his ... last Sunday while driving rapidly the buggy came in contact with a cow lying in the road. The result was that the cow was uninjured but the team were precipitated to the ground slightly injuring the young lady and rendering Mr McClane insensible. His injuries are not as bad as was at first feared though he did not fully recover consciousness until next day.

The estimated expense of Captain Smith's preliminary survey of the Willamette river is $600. His report is expected to be made to the Linn county Grange at the next meeting July 11th. The movement is intended to secure such an improvement of the river as will make it navigable during the early fall months when it is needed more than at any other time of the year. The councils of other counties interested are called upon to cooperate effectively to the desired end.

Hon W R Dunbar G W C T has appointed the following State Deputies: Abel George Roseburg, J F Houston Junction City, E W Ryan Portland, Levi Leland Oregon City, Asa Shreve Dallas, Tilmon Ford, Salem. District Deputies have also been appointed as follows: Dr F W Spencer, Yamhill; B F Ramp, Marion; J W Warner, Linn; Dr R B ..., Douglas; F M Burr, Lane; M R Brown Washington; ... Clackamas; A R Lyle Polk; Enoch Turner Multnomah; W S McMeen, Grant. Further appointments will be made soon.

While playing in the recent match game of base ball between the College and Arcadian Clubs, Geo W Belt the efficient Captain of the College Club sustained an injury which we fear will lay him up for some time to come. While running the bases he sprained his ankle or what is more feared, his friends are informed one of the tendons is broken, and it may be many weeks before it will be able to bear his own weight. John Garrison regrets the loss of a favorite finger nail and Mr Carroll was caressed over the left eye by a foul ball from his own bat, inflicting an ugly wound.

THE TERRITORIES

Boise City raised $11... for the Louisiana sufferers.

At LaConnor arrangements have been made for a general celebration on the Fourth.

The people of Puyallup will have a picnic celebration on the Fourth and a good time.

The contract for carrying the mail between Olympia and Tenino has been let to George [illegible].

The Fourth will be celebrated at Oak Harbor Whidby Island by a picnic at which there will be a horse race.

Capt Doane of Olympia writes very encouraging news from Dease Creek B C. His prospecting party has been very successful.

The letting of the mail contract on the Sound has not yet been announced and it is believed that it has not yet been let but that the contract will be again put up for bids.

Arrangements have been perfected for a course of lectures to be delivered in Olympia in behalf of the Railroad. The opening lecture of the course will be delivered by Rev Dr Lindsley, of Portland, whose ability as an orator is so well known.

Says the Bellingham Bay *Mail*: "Every trip the ship *Germania* makes to San Francisco from this place she takes with her a large lot of furs. This week Mr Baxter put on board 1,000 pounds of beaver skins 1 000 mink skins 40 or 50 bear skins, together with a lot of the smaller varieties."

The Owyhee *Avalanche*, of a recent date in speaking of a windy day at Silver City says: "The wind tore through the streets and through the houses, freighted down with heaps of dust dry goods boxes granite boulders cordwood old hats, yelping dogs, and horse shoe nails. It was fearful."

Captain Whitehill, administrator, realized $270 50 from the proceeds of L A Cutlar's personal effects at Saanich, W T on last Saturday. Among the items disposed of was the gun with which Mr Cutlar shot the hog on San Juan Island in '58, which contributed so much toward precipitating the San Juan troubles.

A drove of sheep belonging to Messrs Andrew Chambers and Samuel Coulter and pasturing at the farm of Mr Joseph Deaves on the Steilacoom road, six miles from the town were attacked by a cougar last week and nine head killed. Good cougar dogs were in demand and arrangements were being made for a cougar hunt.

A letter from a gentleman who is now in the Cassiar mines reached his wife in Olympia. He appears sanguine regarding the richness of the diggings in that region. He thinks there are some twelve miles of the river valley or canyon which will pay well. Although late in reaching the Creek he secured a claim, which prospects finely. The water was beginning to fall at the time he wrote.

Dr J W Howard, who is now on a professional visit to Yakima City, writes the *Mountaineer* that two nuggets were taken from the Discovery claim on Swauk Creek last week—one weighing $187 75 the other $84. Over $500 was taken from the claim for the week's work. There were also three other nuggets amounting to $100, found at the mouth of the creek during the same time by other parties.

The taxes levied in King county W T for the year 1874 amount to $27 345 60 and of which $22 015 51 have been collected leaving delinquent with what was previously delinquent, $5 245 69. The disbursements from the county fund amounted to $14 975 84, $2 468 11 of which went for the care and maintenance of paupers, $1,634 to assessing county and taking census $1,167 76 to roads and bridges, $463 40 for a map of the county &c. The indebtedness on the 1st of May, 1873, was $9,217 92 and on the 1st of May 1874 $5,352 25.

The Tacoma *Tribune* of June 26th, says: "Some trouble has arisen between the Northern Pacific Railroad and Western Union Telegraph Companies, and open hostilities are now waged by each against the other. On the 23d, Gen Sprague closed the offices from Kalama to Tacoma against the telegraph company, permitting only railroad messages to go over the line and engaging the operators as railroad employees. That lasted two days only when, by some arrangement Dr Plummer again got possession of the offices retained the operators, and opened the line to the public. The Railroad Company claims one of the two wires, while the Telegraph Company claims both, and the judicial authorities will probably have to decide the dispute."

A nondescript bird was shot in Tacoma on Saturday, June 20th by two ladies—Mrs Harper, recently from Seattle and Mrs Emma Kauffman, of Tacoma. The creature was only disabled by the shot and the ladies, thinking it was an owl, bravely essayed to capture it but it seems they woke up a Tartar. It sprang, kangaroo like, upon the women and fastened its teeth in the arm of Mrs. Kauffman, and retained its hold until it was choked to death by their united efforts. The wound inflicted was quite severe and painful. This monstrosity measured from tip to tip of the wings 5 feet 7½ inches; diameter of eye 1½ inches, length of ears 4½ inches; its feet and toes were each 1 foot 3 inches long armed with six powerful talons. Its beak resembled that of a goose except that it was pointed and filled with teeth incisors and grinders. Mrs Harper has taken this strange bird to San Francisco.

The Olympia *Transcript* of last Saturday, says: "For the last three weeks parties have been prospecting for gold and silver bearing leads on the Chehalis river, from near James Smith's up to Lincoln Creek on the latter and on the other creeks further south. Rock from Lincoln Creek has been brought in and tested and found to contain more or less of both gold and silver. We hear of specimens said to have assayed about $20 to the ton. Placer gold diggings are reported to have been found on Baker Creek a few miles south of Lincoln Creek. A friend informs us that on Tuesday last two canyons, near the Chehalis river above the block house had all been taken up by prospectors. What has been found at these latter places we are not apprised of but it is certain the people in that section are much excited about the discoveries. Whether or not they amount to anything, we think it should lead to a thorough prospecting of our hills as doubtless the Black Hills contain large quantities of minerals and metals that require but an effort to insure their discovery."

SUSAN B ANTHONY'S FINE

In the Senate June 20th Edmunds from the Judiciary Committee submitted a report upon the petition of Susan B Anthony for a remission of the fine imposed upon her by Judge Hunt of the United States District Court and upon the bill introduced in the Senate to enable her to pay the fine. The Committee reported adversely and asked to be discharged from its further consideration. He said the Committee were not satisfied that the statement of the petitioner in regard to the ruling of the Judge was exactly correct and further did not believe she had the power to review the action of United States Courts. The Committee was discharged from its further consideration and the bill was indefinitely postponed.

Carpenter expressed his views as one of the minority of the Committee, holding that the decision of the court was erroneous in taking the case from the jury and directing their verdict and refusing the request of Miss Anthony's counsel to have the jury polled thus denying the jury power even of rendering a verdict of "Not guilty." He agreed with the majority that Congress cannot grant the precise relief asked, but thought Congress ought to declare its disapproval of the course of Judge Hunt.

The Proposed Asiatic Telegraph.—The stock in the proposed Asiatic and San Francisco telegraph cable is all to be taken in London, New York and San Francisco. The business of Cyrus W Field in San Francisco is in part, we learn, to see that the rich men of this coast take their share. The whole amount is reckoned at $20,000.

RAILROAD AND USURY LAW REFORMS

In the *Bulletin* of the 24th inst appears a long article on the usury law of this State and its practical workings We are glad to be able to agree with our contemporary in the main on the subject The question of usury legislation or restriction on the usance of money has long since been decided by the practical world Free trade in money is almost an axiom The matter is purely an affair of that business which has its experiences and laws formulated into a philosophy or science which we term Political Economy And the laws of business or the science of business so defined have established the unwisdom and barrenness of result of all usury laws And now that the sympathies and the influence of our contemporary have been enlisted on the side of public reform we hope it may join forces with us against other evils that afflict the body politic, which, even if they be not directly caused by legislation are yet within its province to correct and prevent We allude to the evils of our present railway system (or no system) the private wrongs and public scandal of which call imperatively for legislative interference We propose here to give only that portion of railroad history which concerns public interests and we are led directly up to the subject by the *Bulletin's* article

From the printed testimony of the President of the Oregon and California Railway Co and of his financial agent, the manager of the London and San Francisco Bank, at San Francisco, it appears that the Oregon and California Railway Co issued, and its financial agent placed or sold in Europe, $10,950,000 of 7 per cent bonds The road which represents of is security for this, say eleven millions of dollars, extends 200 miles south from Portland, 150 miles of which is on a plain, costing, perhaps, $14,000 per mile The cost of the remaining 50 miles may be estimated at $20,000 per mile, and not to exceed that The value of the whole line so constructed is not more than $3,000,000 of legitimate expenditure, upon which there is saddled a debt of eleven millions And this, with the enormous interest thereon, has to be paid out of the road and the working of it, the nominal owners of the road being (it is notorious) unable to meet principal or even interest outside of the amount drawn from the road for transportation The public, therefore, are taxed to pay for eleven millions of public work where only three millions worth is afforded them, and a comparison of freight charges on this road with the rates of grain transportation over the great railroads of the East shows this excess and the imposition This railroad company, too, is not a private company It has been granted public lands which, at Government price, would be sufficient to construct it It has received enormous private donations in lands and money all along its line with the implied and understood obligation that the rates of transport should be reasonable and conformed to the cost of construction More than this, it has used all franchises, lands, and even the public credit of Oregon by statements of its trade—or margin, in stock language—on which to borrow eleven millions of dollars, not one-third of which has been expended on the road Bad as is the condition of those who use and abuse the road here, the lenders in Europe are in a worse plight The bonds of the company, in small quantities for side purposes, sometimes find a buyer at 15 cents on the dollar, but in large lots are unsaleable even at this discount of 85 per cent, under the apprehension, it is said, of the insecurity of title which is now on trial in our courts The road awaits only the first movement of any hostile credit to be put into bankruptcy The managers or nominal owners, have virtually repudiated payment of all interest and provison for payment of the principal The good faith of our citizens and the credit of our State, through its public works, is blasted over all the financial and commercial world

All this, we submit, could have been in great part if not absolutely prevented by suitable legislation We should have a law to insist on regular publications of expenditures on work in course of construction, to provide that bonds should be issued on completed road only, and that such bonds for construction should not exceed two-thirds or at most the cost of expenditure Such enactment would be very liberal to all honest projectors, and would encourage investment of capital Perhaps, also, had such been in force during the past six years, they would have prevented the monster evil and scandal now referred to Here, without the expenditure of one dollar of their own money, this Oregon and California Company has borrowed in advance, eleven millions of dollars upon the implied trust of its expenditure on a railroad for the use of this State, which as completed could not honestly cost *one third* of the money We cannot but deem this a proper subject for public consideration and legislation Indeed, a due regard for the reputation of our State demands it

We should not omit to state that the most important part of this railroad undertaking (the connection with California, requiring about 100 miles of road) is altogether untouched, though the bonds on its construction have been sold and the money paid over This we learn also from the printed testimony of the President of the Company, and the San Francisco banker who appears to have acted in the threefold capacity of stockholder in the road, agent for its President and *trustee* for the bondholders The completion of this road to California is to our mind, indispensable to give value to what is already done Although overland connection with California and the East is the grand desideratum for Oregon

We have thus indicated as briefly as may be, one of the greatest evils now afflicting the state It clamors loudly for reform Will the *Bulletin* join with us in a demand for a reform of railway abuses?

The Senate before the adjournment, managed to do one indecent thing in connection with District affairs It confirmed the nomination of Richard J. Howe member of the Board of Public Works *vice* Adolph Cluss removed It was the misfortune of Cluss Engineer of the Board to tell the plain truth concerning certain swindling transactions in which Shepherd and his pals figured. Thereupon the Board met resolved that he Cluss had committed perjury was unworthy their confidence and asked the President to remove him Cluss then undertook vindication of himself Out of the mouths of the Board's own witnesses he established the truth of his allegations He was too honest to live in the same official atmosphere with Shepherd Since the Senate finally screwed its courage up to the point of rejecting the nomination of Shepherd with an indignation that does them honor it looks a little unreasonable that it should have deliberately attempted to ruin the character of a young man who it is conceded on all hands, contributed very materially to the work of breaking up the corruptest ring that ever disgraced the United States

Wisconsin has an Episcopal bishop at last. At a meeting of the Convention on the 17th inst Dr Edward R Welles Rector of Christ Church in the town of Red Wing Minnesota, was elected on the fifth ballot Out of 72 votes cast by the clergy Dr Welles received 49 and the nomination was unanimously ratified by the laity The new bishop is represented to be a man of superior intellectual attainments, and his election was greeted with the greatest enthusiasm The Chicago *Tribune's* report says

Dr De Koven moved that the nomination be made unanimous It was agreed to by a rising vote and when the President stated the fact Council sang Gloria in Excelsis with great earnestness several of them shedding tears of joy

Thus ends one of the sharpest bitterest and most protracted contests in the history of the Episcopal Church in America

A Washington dispatch says that the House would unquestionably have voted for an investigation of the Contract and Finance Company had the majority of the Committee on Pacific Railroads submitted their report adverse to Luttrell's resolution Under Parliamentary law no minority report can be made until the majority report has been presented. Taking advantage of this Sawyer Chairman of the Committee held back the majority report, thus preventing all action on the matter. The telegram adds Thus the day of doom was simply postponed by a cowardly trick. The railroad men dare not stand up to be knocked down

The Washington *Chronicle* is getting waspish over the exposures in District management, It quotes this from the Toledo *Blade* (Nasby's paper)

The District of Columbia affords such fine pickings and stealings that Congress is disposed to take it into their own special charge.

It adds "This is from the Toledo *Blade*—Nasby's paper and he is trying his best to come to Congress next session The reason is obvious" Brother Harlan is also getting witty We fear his inordinate desire to say brilliant things—for which he is proverbial—is getting the upper hand of his piety

The deadlock in the Rhode Island Senatorial election continues In a ballot on the 23d inst Gen Burnside received 11 Dixon 26, Barstow 16, scattering 22 The Boston *Globe* says Burnside owes his failure to secure an immediate election to the fact, now generally known that he has used large sums of money in an effort to improperly influence the election It is alleged that he spent a small fortune in primaries and conventions, and it is even hinted that he attempted to coerce the Legislature with coin

Among the bills which go over to the next session of Congress are the Postal Telegraph bill the bill granting pensions to all soldiers of the war of 1812; for the reorganization of the army, for the equalization of bounties; to authorize the organization of national banks without circulation; repealing the pre-emption and amendatory to the homestead laws; McCreery's bill regulating charges on inter-State railways, all the land grant bills and many hundreds of bills for the relief of individuals.

In another place will be found a list of appropriations for the Pacific coast It will be seen that the sum of $90 000 is appropriated for a Custom House at Portland This is $150 000 less than the Ring counted on Still $90 000 will do a heap of good in the cow counties That other job to buy up the private assay office in this city is defeated we presume since no mention of it is made

Certain patriotic women of the East have in contemplation a great tea drinking spree to be held on the 16th of December next and Congress has given them permission to occupy the rotunda of the Capitol on that occasion The Women's Centennial Executive Committee are at the head of the affair

Senator Carpenter voted for the repeal of the act abolishing the franking privilege. This together with his advocacy of the press gag bill inspires the Chicago *Tribune* with the belief that he is fast becoming the Butler of the Senate

The Senate was called to vote squarely on a proposition to revive the franking privilege on the 17th inst It was defeated by a vote of—ayes 17, noes 34 Senator Kelly voted for Senator Mitchell against

SOMETHING FURTHER ABOUT SIMMONS.—The new Collector of Boston Butler's man Simmons has just received an intimation of the President's displeasure, although he is hardly warm in his seat Simmons has been engaged in cleaning out his subordinates and appointing new ones and among those whom he discharged was one of Orson Moulton the weigher a very capable man, and a man who is esteemed very highly His friends made considerable stir about the matter and as the excitement began to grow uncomfortable about the Collector's ears he sent for Moulton and telling him he was not previously aware of his services and character promised to do something for him This did not satisfy his friends and they appealed to the President who instantly directed the Hon George F Hoar to inform Simmons that Moulton must be restored to his position at once Mr Hoar promptly sent a dispatch to Simmons notifying him that the Presidential order was peremptory and that Mr Moulton could accept no other position It is to be presumed that Mr. Butler's man will hereafter move a little more cautiously.—*Chicago Tribune*

A HANDSOME INDORSEMENT.—Gen Bristow on Saturday received favorable Democratic indorsement in the debate on the motion to stop work on the new War and Navy Department building Mr Beck had made some charges against the late Secretary Richardson in response to this interrogatory from Mr Kellogg Are you satisfied with the present Secretary Mr Beck said that he was, and that the country now had a Secretary who is honest competent, and efficient a man who had a will and who would exercise it He believed the late Secretary to be honest but inefficient The amendment proposing to stop the work was rejected.—*N Y Times June* 13

The Arcadians claim the second game in a telegram to Capt Belt of the College Club This is not the way to play base ball and we trust the clubs will in future abstain from quarreling We feel satisfied the College Club will make good their promises to the Arcadians even if they did not play on the day appointed The Salem papers report Captain Belt of the College Club as being confined to his room from injuries received in the recent game

VOTE FOR GOVERNOR

[From the Salem Record]

There is no official count of the vote in our State for Governor to be had until the meeting of the coming Legislature as the official returns are all addressed to the Speaker of the House of Representatives and can only be opened by him Enough is known however to show that the published reports are quite incorrect In some instances the County Clerks have also included the vote for Governor in the general returns to the Secretary of State in other instances notes have been sent that 9th or giving the vote for Governor and from such sources H H Gilfry Esq Secretary of Governor Grover has made up and kindly furnished us the following tabular statement which is exact enough to be considered as official

GENERAL NOTES

Gen O O Howard has sold his residence in Washington for $32 000

Ex U S Senator Ross is sticking type in his rural newspaper office in Kansas

The time of the College commencements is at hand and the double toned voice of the graduates will soon be heard in the land In a little while hundreds of young men pale faced and thin-legged will begin to discover that they have much to learn as they roam the world in search of a living.—*New York World*

Suppose Japhet had come on deck on the thirty eighth day of the shower with the remark What's the matter with the old man and upon being referred to the exceeding moist condition of things had curled his hand over his ear and said in a vacant way "Oh—yes—rain—I remember now—good thing—help the crops, won't it?" They might not have thrown him overboard in disgust but if they did not elect him Senator from Wisconsin as soon as they got ashore, it would have been only because they hoped some such man as Howe had escaped the deluge.—*N Y Tribune*

OPENING OF THE ST LOUIS BRIDGE.—A St Louis dispatch of June 16th says arrangements for the proposed grand pyrotechnic display on the bridge on the occasion of the formal opening of that structure and the tunnel on this side of the river to travel and traffic July 4th are so far perfected that a contract has been made with W W Judy for six great pieces of fireworks from 300 to 400 feet long They will be of designs representing Washington Missouri and Illinois shaking hands flanked with the coat of arms of each State colossal statues of Capt James B Eades and Thomas H Benton portraits of the officers of the Bridge Company, and a train of cars 70 feet long the whole to cost $10 000 Several railroads centering here have agreed to reduce fares one half and all will probably do so

The programme is not yet fully determined upon but the Committee having the matter in charge report that President Grant has consented to be present, and will formally open the bridge

This is the way the Chicago *Tribune* editorially announces the defeat of the White Stockings of Chicago

Nine base-ball players undertook yesterday to represent Chicago in a contest with nine players from New York The Chicago gentlemen were beaten by a score of 37 to 1 The distress in Chicago over this news has no parallel since the great fire Evil disposed persons say that the defeat was due to a pitcher who had been imported from St Louis but men with no nonsense about them attribute it to unfair decisions of the umpire At all events it is a generally recognized fact that since the fall of 1871 no interest has been taken in the national game by the people of Chicago

BROTHER HARLAN IN A CORNER.—According to our Washington special a friend of Mr Dunnell, armed with a hickory cane forced ex Senator Harlan editor of the Washington *Chronicle* to retract an editorial paragraph in that paper, in which reference was made to the celebrated dispatch which Mr Dunnell was alleged to have sent to his Owatonna man just after the salary bill passed Commence hauling said We have heretofore stated and now repeat in justice to Mr Dunnell that this alleged dispatch was a pure fabrication but it was so palpable a hit and expressed so neatly the current popular thought that no denial has served to check its run and it has stuck to Dunnell like a gad fly ever since.—*St Paul Press*

THE LOUISIANA SUFFERERS.—A St Louis dispatch of June 16th says Dr Ring agent of Gov Kellogg of Louisiana and Mayor Wiltz of New Orleans addressed the Louisiana Relief Committee and a number of merchants here to day, in regard to further subscriptions to the sufferers in the overflowed region of that State They say that fully one third of the State is still under water from one to two feet deep that from 70 000 to 80 000 people are now in destitute circumstances that much sickness already prevails and unless the people obtain relief the suffering during the summer months will be almost beyond precedent Additional contributions were made by the Relief Committee and measures will be adopted to increase them

DEFAULTING TREASURER CONVICTED.—A special dispatch to the Chicago *Tribune* of June 18th from Leavenworth Kan says George S Smith defaulting Treasurer of Leavenworth was to day convicted of embezzlement in the Atchison County District Court The jury was out twenty hours Sentence will not be passed until the session of the State Supreme Court two weeks hence Smith was elected on the Republican ticket last fall by a larger majority than any other candidate on the ticket and only stole $67 000

UNION vs. NON-UNION PRINTERS.—BURLINGTON Iowa June 16.—Yesterday afternoon six printers of this city were arrested on a charge of libel for publishing as rats employes of the newspaper offices here who do not belong to the Typographical Union The most malicious slanders were printed against the non Union men Each of the prisoners was held to bail in the sum of $400 A very bitter feeling exists between the Union and non Union printers here

A HORRIBLE MURDER.—At Little Valley Cattaraugus county N Y Wm Boorman aged 11 has been sentenced to Auburn State Prison for life This child was the murderer of his step father Caleb Omans whom in January last he literally cut to pieces with an ax at a place called Steamburg Both the murderer and his victim were intoxicated at the time

Gen Butler has recovered his health and is improving and is getting ready the speech in defense of his Sanborn contract He might as well take a longer look backward and clear up all remaining doubt about Credit Mobilier.—*Chicago Tribune*

CITY.

THE EXCURSION.—Both financially and in point of pleasure, the picnic and excursion to be given on the Fourth under the auspices of the ladies of the Rebekah Degree Lodge I O O F, promises to be eminently a success. Every necessary arrangement is being made by the proper committee At an early hour of the day the steamer chartered for the occasion will leave the foot of Alder street with the excursionists, and ascending to the falls pass through the locks to the picnic grounds above Oregon City A large dancing platform is being constructed on the grounds swings erected, etc. Music of a superior quality will be furnished on the boat both coming and going and also at the grounds for the accommodation of dancers In view of the excursion, the people of Oregon City we understand, do not propose to hold any celebration in the place, but join with the citizens from Portland, and participate in the exercises and festivities of the occasion To all who will attend, a day s pleasure is assured.

FOR STAR GAZERS.—As mention has been made recently to the coming comet it may be of interest to our many readers, while searching for that visitant, to notice a few of the planets which are and have been for some time past, making the evening skies resplendent with their glories By looking in the early evening (about half past eight) in the west near the horizon and almost directly in the path of the Sun, Venus is to be seen and can easily be distinguished by its diamond like glitter Jupiter is a few degrees south of Venus, a little higher and last evening (at the above hour) the new Moon was nearly midway between the two and the three almost in a direct line thus making a view of the heavenly bodies seldom equaled. For several months Jupiter has reigned in the meridian, but now is waning, and Venus is gradually rising to assume her place as the star of the evening To the early riser, Saturn is beautiful in the morning before four o clock A M

PASSENGERS COMING.—Last Saturday forenoon the steamship *Oriflamme* sailed from San Francisco for Portland She brings the following passengers Mrs N B Alder and wife Dr J A Fitzgerald and family Mrs Dr Spalding and five children, Mrs W L Clark, C Johnson H Dobinson R Crabtree H Law J Busey Jas Brown S Q Hersey and family Mrs R A Tarlton, Mrs G K Sprague and 3 children, H E Fellows, S Hardman J Tennant and wife, Mrs. Holmes W K Temple, B J Busey, W McCulloch, T R Martin wife and sister Mrs B Brown Mrs L Kelsey and child, I Lamb, H A Alley, T M Vankirk I Brown C W Green, J Quinthn H Colby E H Colby C Robeson J H Ritchie L R Robinson L Harris Mr L Harris and child, Mrs Carrie Scott, J E Atwater and family, Mrs Andrews and child, Miss Williams H P Moore, J W Lyle D W Jones Dr P Hiller I L Story C F Pfluger E Deoost L Fisher

ENTERTAINMENT.—Delegates from abroad to the Sunday School Convention will find the Committee on Entertainment at the rooms of the Young Men s Christian Association, corner of Stark and First streets over Ladd & Tilton s bank, to-day from 5 to 7 P. M, and to-morrow and Wednesday they can be found only at the Congregational Church during the session of the Convention. Citizens who are prepared to entertain delegates are requested to notify the Committee.

AT THE ASYLUM.—Religious service was held at the chapel at the Insane Asylum yesterday by Rev Mr Eliot A large number of the inmates of both sexes attended, and appeared to be much interested in the service At its conclusion, the different wards were visited by the ladies and gentlemen, and a bouquet of flowers given to each inmate, who received them with evident pleasure, and appeared much gratified at the interest taken in them by their visitors

A VERY NARROW ESCAPE.—One of the men employed on the pile-driver now being used at the foot of J street, East Portland, came very near being killed on Saturday last. He was standing near one of the piles that was being driven down, and ordered the man above to hold the hammer This the latter failed to do, and down it came, passing so close to the head of the man below as to knock his hat off

GOOD FOR SEEDLINGS.—Mr Jeremiah Stanley of this county has laid on our table three varieties of cherries These cherries are all seedlings, were grown on his farm In point of size, richness and delicacy of flavor they are fully equal to any of the well known varieties. BASE BALL CORRESPONDENCE.

The following correspondence concerning the noble and manly game has passed between the respective chapels of the *Bulletin* and OREGONIAN offices

PORTLAND June 26, 1874

TO THE OREGONIAN CHAPEL—*Gentlemen* We respectfully submit for your consideration the following We will play you a match game of base ball, for honor and glory upon the grounds adjoining the Academy, upon any day you may feel disposed to name Hoping you may designate an early period upon which to satisfy or sacrifice our ambition in this line, we remain yours, very respectfully,

BULLETIN CHAPEL

PORTLAND, June 26, 1874

TO THE BULLETIN CHAPEL—*Gentlemen* Your note challenging us to play a game of base ball is received and duly considered. In answer to the same we accept, and will play you a game in which we will endeavor to "satisfy your ambition in this line," designating the first Saturday after the 4th of July for playing The game to be played on the base ball ground at East Portland, if agreeable to you

We remain yours, very respectfully

OREGONIAN CHAPEL

" Without doubt the forthcoming game gives promise of being the most interesting game of the season and will afford our citizens an opportunity of witnessing a rich exhibition consisting of the strange compound of science, main strength and awkwardness The respective nines will be published as soon as selected

BASE BALL NOTES.

Harper s Weekly contains a group picture of the famous Red Stockings of Boston This club and the Philadelphians go to England in July

As there was no prospect for a game on the Academy grounds last Saturday the Pioneers concluded to find out something about the Eagles of Vancouver Accordingly they chartered the tug *Ben Holladay* which took in tow the little sloop *Annie Deelon*. At 1 o clock about thirty persons including the Pioneers were on board prepared to start They got away on time and reached Vancouver about 4 o clock. The game was soon commenced, a Mr Orr, of Vancouver, acting as Umpire A telegram was received here at 7 o clock announcing the defeat of the champions The report was not considered reliable until the boys returned at 10 o clock, when the worst was known They lay the defeat to the unfair decisions of the Umpire who they claim favored the home club More than this they were not out in full force playing men who had not been in the nine Be that as it may the Eagles are now as happy as can be over the event which resulted as per annexed score

A GALLANT DEED

HOW JACK EVANS SAVED THE BABY

J B Evans Jack Evans as he is better known among "the boys" is a young man about twenty eight years old and certainly not over thirty, and a great favorite among his associates, a clever generous hearted man In his eventful life before he adopted railroading for a business, he was a star performer on the flying trapeze Doubtless some of the gorgeously colored poster cuts of handsome, symmetrical men in glove fitting tights and scarlet small clothes sailing through the air with the greatest of ease were originally executed for Senor Juan del Evans, but this has nothing to do with our story Mr Evans quit "starring" threw up all his engagements and took an engine but the physical prowess acquired in his athletic exercises did not desert him and his skill remained with him Often, when he is laid out on the side track he gives the boys impromptu exhibitions of "life in the ring" with grace skill and agility, and fills that part of the country so full of double somersaults, handsprings and flying leaps that the air has a flavor of circus about it for a month But the greatest and nobbiest that our hero ever performed in his life was one that wasn t down on the bills, and called out very unexpectedly a little matinee Friday afternoon

Evans who is in the employ of the C B & Q railway was running an extra. we believe on the Red Oak branch When about a quarter of a mile east of Farragut the train then running at a rate of twenty miles an hour the engineer saw hardly seventy yards ahead of him, a little child about eighteen months old playing in the middle of the track Quick as thought he squealed for brakes, and without ever touching the throttle leaving it wide open he seized the lever and threw it clear over reversing the engine with a full head of steam on But the heavy freight train had acquired a powerful momentum that could not be overcome and by the time short as it was that Evans could hurry around and take his station on the pilot the engine was frightfully near the child who apparently unconscious of danger remained where it was when first discovered Evans saw there was no chance of his stooping to seize the child as the train swept down upon it from his place upon the pilot and now his old athletic accomplishments and training seconded by his steady nerve and coolness and the ability so characteristic of engine men to think rapidly and clearly in moments of great danger, came in good play Measuring his distance as carefully and accurately as ever he had when making a mid air leap from a flying trapeze he summoned all his strength and making a splendid leap caught the child in his arms and without attempting to regain his feet threw himself over the rail with the agility of a cat It was a close call Before he had quite cleared the track the pilot struck his foot but he rolled safely out of the way for several yards still holding the child in his arms

The rate at which the train was running may be judged when it is known that it moved five car lengths past where Evans was lying before it could be stopped The mother of the child who witnessed the affair, was on the spot in a flash trembling weeping, and almost speechless with excitement Jack rose to his feet and handed her the baby as coolly as though he had just taken it out of its cradle "Madam" he said "you had better take better care of that young one hereafter" And he climbed into the cab and went ahead more unconcerned and less excited than any of the gentlemen aft serving their country by twisting brakes It was a gallant deed and well performed and among the many thrilling legends which already fill the pages of the "Romance of the Road" railroad men will have one more to relate in the intervals of duty and that too one whose chief value is that there is naught of invention or exaggeration in its details— How Jack Evans Saved the baby —*Burlington Hawkeye*

MOSES AND THE PROFITS

SOMETHING MORE ABOUT THAT CONTINGENT FUND—MOSES CONFIDENT OF ELECTION

NEW YORK June 22 —A South Carolina correspondent writes that he has had two hours conversation with Governor Moses who was continually assuring him that he was a much injured man and could prove that any of the charges brought against him were untrue When asked for evidence however he failed to produce it He admitted that his private character had been bad—very bad—but denied having taken part in any official corruption Yet, in the same breath he told the story of the elections and laughed heartily at what he appeared to think a good joke When questioned as to the Civil Contingent Funds which have been appropriated for the payment of State expenditures at his discretion he replied "Oh my Contingent Fund was a humbug They gave Governor Scott s $9 000 I only had $4 000 I had been private Secretary to Governor Pickens he said and I knew how the Contingent Funds had been used before and since the war There was no law providing that the Governor should give an account for what he did with the fund after it came into his possession It was not expected however that he would put the money in his own pocket It was understood that all the secret services of the Government were to be paid out of it Speaking of the next election Moses said he was sure of receiving the regular Republican nomination

THE INVALID—A PEN PICTURE

See her pallid countenance but a short time ago the picture of ruddy health the envy of the school and the pride of the household She was always welcome by her schoolmates for her lithe form and pleasing disposition carried cheerfulness into their ranks Diligent punctual and exemplary obedient and graceful at home, she won the hearts of all But alas we are stricken! The rosy cheeks and ruddy lips are blanched by Consumption The voice once so enchanting in laugh and song is feeble husky and supplanted by a hollow cough Let us approach her couch gently and take her hand Do not shudder because of the feeble and pale in its grasp The hand once so hearty and plump is emaciated and shows bony outlines, while the cords and tortuous veins are plainly mapped upon the surface The pulse that bounded with repletion carrying vigor to the whole system and imparting life lovely vivacity health and strength is delicate to the touch The feeble heart cannot propel the thin scanty blood with firm force Must we lose her while yet in her teens? Companions and friends gather around with words of cheer and consolation and depart with moistened eyes and silent steps Must we lose her No there is relief! We can stay this destroyer of our happiness and not suffer the loss of so bright a gem Something more is required now than dietary and hygienic observances for nature calls for aid and she shall have it Take this plain and medicine It is invigorating How it allays the irritable cough improves the appetite and digestion and sends a healthy tingle through the frame The blood is enriched nervous force increased and the heart bounds with new impulse See her face brighten by degrees the color is returning her voice is getting clearer and pleasant words are spoken The strength falters yet but is gaining Let us take her out in the warm sunshine In a short time she will be able to go without our aid a cheerful girl This delightful medicine must be God blessed It is restoring health to our loved one She is emerging from her sickness sweeter and nobler than before and Dr Pierce s Golden Medical Discovery must have the credit. It has raised her.

Wheat in Liverpool by mail advices from San Francisco 12s 6d@12s 8d for average California and 12s 8d@13s for club

The condition of monetary affairs in our home market is very much like that of the coast at large, affected but little by the fluctuations occurring so frequently at the Eastern money centers. Rates here have undergone no important change during the past fortnight, the supply of capital being at least ample if not in excess of the present current demand of the trade

The treasure export movement from New York continues active. During the week ending June 13th over $1,500,000 was shipped from that port chiefly to Europe. The amount of gold sent is large, aggregating over $1,000,000, including $2[illegible]000 to Havana, $207,000 to Paris, $250,000 to Liverpool, $150,000 to Southampton and $47,000 to Havre. The shipments thus far this year are now for the first time in excess of last year, being $21,250,000 against $25,500,000 for the corresponding period in 1873 and $30,000,000 for the same time in 1872. The movement of cotton and grain for Europe will soon be renewed on an active scale, when it is hoped there may be a lessened demand for the precious metals

There appears to be a strong demand for gold coin at New York. The chief sources of demand are for shipment and for the payment of duties. The principal sources of supply are the Government reserves and the surplus of the Pacific coast. The Treasury programme for June calls for the sale of $5,000,000. There have been four sales of $4,000,000 as follows: June 4th, $1,500,000 at 11 41@11 50; June 11th, $1,000,000 at 11 11@11 13; June 18th, $1,500,000 at 11 02@11 10. The fourth weekly sale of $1,000,500 was held the 25th and probably brought the best price of the month. The amount drawn from the Pacific coast thus far this month has been less than in April and May. Over $1,000,000 was shipped from New York during the week ending on the 13th, and the equivalent of $1,832,000 was paid to the Government during the same week by New York importers, thus withdrawing nearly $3,000,000 from circulation, and giving a firm tone to the market

Shipping Intelligence.

The barkentine Webfoot will soon have her cargo out and be ready to receive return freight for San Francisco

The bark Cambridge has gone down the river to complete her cargo with lumber and salmon

The bark Forward, Capt. Strahan, is now ready to receive her cargo, which will consist mainly of lumber to be taken on at the North Portland Mills. She will probably not sail before the 25th of July. She goes hence to Australia.

The Garibaldi still lies at her berth at Flanders' wharf

The barks Navigator and Loch Dee arrived at Queenstown June 21st. The former sailed hence Jan 22d, with 16,875 centals wheat, the latter Feb 2d with 54,000 centals

The steamship Oriflamme left San Francisco for this port at noon to-day. She will be due Tuesday evening next.

[BY TELEGRAPH.]

SAN FRANCISCO June 27—Sailed—British ship Patterdale, Liverpool; Lizzie Williams, Honolulu; Milan, Port Townsend; Atlanta, Nanaimo

Arrived—Nick Biddle, Port Blakely; Empire, Coos Bay; Johanna, Guiela.

Puget Sound Shipping

The Nicaraguan ship Sara, which we reported two weeks ago as on the way from Callao to the Sound, sprung a leak and was forced to put into San Francisco for relief on Tuesday last. She will be docked at that city and repaired, when she will continue her voyage this way

The barks Oakland and Legal Tender are loading lumber at Port Madison, the former for San Francisco and the latter for Tahiti

The steamer J B Libby was sold at Seattle on Wednesday last by Mr A A Denny to Samuel Coulter of Olympia. She has been employed carrying the mail from Seattle to Whidby Island, Utsalady, LaConner, Sehome and other places, and Mr Coulter, the new contractor on that route, bought her to serve him in a similar manner

The ship Halcon, a sister ship with the Pelicano, now at Tacoma, lost her master on her recent trip from Chili to Burrard Inlet, and was taken into port by the first mate. She is now about loaded ready for sea, and a new captain went over to Victoria from Tacoma last Monday to take command of her. He was sent up from San Francisco for that purpose

The new vessel at Freeport was launched in fine style last week and named the Ella. Her Custom House measurement gives a length of 145 feet, a breadth of beam of 28 feet, a depth of hold of 10 feet and a total tonnage of 260. She will carry largely for her tonnage and is estimated to have a lumber capacity of 350,000 feet. In two weeks she will be rigged, and then loaded, and proceed on her first voyage to San Francisco. Captain Williams will command her

June 1st, bark Ida F Taylor arrived at Shanghai from Utsalady. At Melbourne, April 13th, ship Nation's Hope arrived from Burrard Inlet and on the 27th bark Amie from Puget Sound

Barks Mary Glover and Adelaide Cooper are loading lumber at Port Ludlow for San Francisco. Two schooners 105 feet long each, and which will measure about 200 tons each, are building side by side near the steamboat landing at Port Ludlow. Forty ship carpenters are at work on them, and the yard is the most industrious looking place of its area on the Sound. With its mill, vessels, steamers and small boats coming and going, Port Ludlow is a scene of business life and activity

The Company is prepared to loan monies to prompt and reliable parties, secured by Mortgage Deed upon unincumbered farm lands and other real estate of good quality lying within the State of Oregon and Washington Territory, and also on occupied town properties in the City of Portland for the period of three or five years

All loans must be secured by the Promissory Note of the borrower, to which coupons for each Semi-Annual payment of interest will be attached, and by First Mortgage Deed of the land taken as security

Applications must be made upon forms provided by the Company, and should state the Amount of Money Desired and the Time for which it is Wanted. The land offered as security should also be Plainly Described, giving subdivisions, sections, townships and range, in full describing its general character, whether upland or bottom, prairie or timber, with Full Statement of all the Improvements thereon, also the owner's estimate of its cash value

Blank Forms will be furnished on application at the office of the Company

The Hotel is Now Open for the Reception of Guests.

Many improvements, dictated by the past year's experience, have been made conducive to the comfort and pleasure of visitors. Among the many are our Large Swing for the little folks, Shuffle Boards, a splendid exercise for Ladies, Quoit Grounds for Gentlemen, Horseback Trail to the top of Grand Old Tillamook, Croquet Ground as usual. The River Fleet of Boats is increased to ten in number, and the subscriber takes pleasure in informing his aquatic friends that he has constructed a splendid Boat capable of carrying thirty persons with comfort. In fact nothing has been left undone to make this truly sanitary spot the most pleasant and attractive upon the Pacific coast.

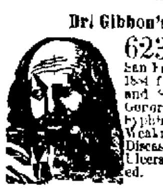
MEDICAL.

TO THE UNFORTUNATE.

NEW REMEDIES! NEW REMEDIES!

Dr. Gibbon's Dispensary,



623 KEARNEY S NEAR COMMERCIAL, San Francisco. Established 1854 for the treatment of Sexual and Seminal Diseases, Gonorrhea, Gleet, Syphilis in all its forms, Weakness, Impotency, etc. Diseases of [illegible] standing, Ulcerated Legs [illegible] cured.

DR GIBBON has the pleasure of announcing that he has returned from visiting the principal Hospitals of Europe and resumed the practice at his Dispensary 623 Kearney street, corner of Commercial, San Francisco, where his old patients and others requiring his services may find him

The Doctor has spared no time nor money in seeking out new remedies, and has returned with increased facilities for the alleviation of human suffering

Horrible Disease

How many thousands of persons, both male and female, are there who are dragging out a miserable existence from the effects of secret indulgence, or from venereal disease. Look at their pallid emaciated features, sunken faces and broken-down constitutions, disqualifying them for the happiness of marriage or the enjoyment of life. In this horrid state thousands suffer until death closes the scene. Let parents and guardians attend to those who are suffering with any of these horrible life-destroying maladies—see that they are cared for and cured before it is too late, by applying immediately to Dr GIBBON, a physician who has made private diseases a specialty, and who is certain to effect a cure without mercury or poisonous drugs. It is important to those who are afflicted, or to those who are interested in the welfare of their friends, to be careful of the many pretended doctors who infest all cities, pretending skill in curing all diseases in a few days, who impose upon the public by using the names of celebrated physicians from Europe and other places. Be careful and make all inquiry or you may fall into the hands of these charlatans

Seminal Weakness.

Seminal Emissions, the consequence of self-abuse. This solitary vice, [illegible] practiced by the youth of both sexes to an almost unlimited extent, producing with unerring certainty the following train of morbid symptoms, unless combatted by scientific medical measures: Sallow countenance, dark spots under the eyes, pain in the head, ringing in the ears, noise like the rustling of leaves and rattling of chariots, uneasiness about the loins, weakness of the limbs, confused vision, blunted intellect, loss of confidence, diffidence in approaching strangers, a dislike to form new acquaintances, disposition to shun society, loss of memory, hectic flushes, pimples and various eruptions about the face, furred tongue, fetid breath, coughs, consumption, night sweats, monomania and frequent insanity. If relief be not obtained, apply immediately either in person or by letter, and have a cure effected by his new and unfailing mode of treating this disease, which never fails of effecting a quick and radical cure. Dr G will forfeit One Hundred Dollars to any person who will prove satisfactorily to him that he was cured of this complaint by either of the San Francisco [illegible]

Married Men,

Or those who contemplate marriage, and suffering under any of these fearful [illegible]. Do not forget the sacred responsibility you assume upon them, nor delay to obtain immediate relief.

DR GIBBON is responsible and will give to each patient a written instrument binding himself to effect a radical and permanent cure or make no charge.

Cured at Home.

Persons at a distance may be CURED AT HOME by addressing a letter to Dr Gibbon, stating case, symptoms, length of time the disease has continued, and have medicines promptly forwarded, free from damage and curiosity, to any part of the country, with full and plain directions for use. By enclosing Ten Dollars, coin in registered letters, or through the Post-office or through Wells, Fargo & Co, a package of medicine will be forwarded to any part of the Union. All communications confidential.

Caution to the Unfortunate.

Beware of the [illegible] quacks and pretenders who infest [illegible] the unwary [illegible] of doctors, whose names are to be seen in the daily and weekly newspapers of San Francisco and other places, are tradesmen and have been compelled to work at their trades. Some are [illegible] barbers, [illegible] carriers, [illegible] etc. The only way to avoid imposition is to make inquiry—it will cost you nothing, and it may save you many regrets, for as advertising physicians, in eight cases out of ten are bogus, there is no safety in trusting any of them until you know who and what they are. Dr Gibbon does not deceive people by exhibiting bogus titles, certificates, patents, etc. Dr Gibbon will satisfy persons who may call at his office of his ability to treat diseases that he professes to cure

Address DR J F GIBBON, 623 Kearney street, corner Commercial, San Francisco. Postoffice Box 1,9[illegible]

REMEMBER TO [illegible] ON THE LETTER. Consultations FREE.

☞ Correspondents will please inform DR. GIBBON that they read his advertisement in the DAILY OREGONIAN
